

**Corporate ICT Coordinator**  
**Circa \$75-\$80K**

An outstanding opportunity has arisen for an experienced IT professional to coordinate Frankston City Council's ICT infrastructure domain and to lead a small team of technical specialists.

This hands-on role is responsible for the development of strategy and architecture as well as the implementation, operation and support of an extensive network, desktop and telephony environment.

A position description is available at [www.frankston.vic.gov.au](http://www.frankston.vic.gov.au)
