INFORMATION PRIVACY COLLECTION STATEMENT

The information on this form is being collected by the Frankston City Council and its authorised contractors in accordance with its Privacy Policy and the Privacy & Data Protection Act 2014 for the purpose of transfer/amend/renew an onsite wastewater management system permit and providing information to business operators/property owners concerning legislative requirements.

This information will be used solely by Council for that primary purpose or directly related purposes and will not otherwise be disclosed without your consent or as required or permitted by law. You may apply to Council for access and/or amendment of the information.

Please Note:

“The Permit is also report and consent of Frankston City Council to the installation or alteration of the septic tank system as required by Regulation 132 of the Building Regulations 2018. You are advised that a building permit must be obtained prior to any construction work commencing.”

Please tick the following boxes to ensure your Application is complete and ready to be assessed:

- Fully completed section 1.
- Completed all other relevant sections.
- For transfers – section 2 has been completed and signed by the current permit holder.
- For an amendment where there has been a change to the Land Capability Assessment, an updated copy of the Land Capability Assessment has been attached.
- Payment of the associated application fee - **An invoice for payment will be sent to you upon receipt of a fully completed application**

Fees

Following receipt of the completed application, you will be invoiced for the application fee. Applications will not be assessed until payment is received.
