

Teachers Environmental Network (TEN)

opportunity » growth » lifestyle

This popular network facilitated by Frankston City Council is:

- open to teachers from all Frankton City primary and secondary schools
- a valuable forum for teachers to meet professionally
- an effective communication avenue between Council and schools

Key Features

- Information on sustainability resources, events and programs provided by Council and other agencies
- Professional development on sustainability topics e.g. composting, worm farming, vegie and bush tucker gardens, recycling, grant writing, energy efficiency, student teams etc.
- Topics determined by the TEN members, therefore relevant and useful
- Events e.g. Secondary Student Summit
- Collegial support, tours of other schools, forum for sharing challenges, solutions and achievements

Details

- Meetings held once a term on Thursdays after school – 4pm start
- Council's Environmental Education Officer provides the Agenda, Minutes, guest speakers, afternoon tea
- Venue changes each time – rotates around different schools or locations of interest
- Regular updates about sustainability events
- Council funding support offered to schools for environmental programs e.g. ResourceSmart, teacher PD, student leadership
- Contact Council's Environmental Education Officer on 9784 1768 or email debbie.coffey@frankston.vic.gov.au
