Frankston City Council is proud to support local artists to create work that contributes to our vibrancy, culture and community. One-off funding is available to individual artists, creatives and artists practicing within a small arts organisation from all backgrounds and abilities. Artists can be at any stage of their career whether emerging, mid-career or established, to support the development of new creative work that results in a public outcome within the municipality by 30 June 2023.

Funding will be distributed to six (6) successful recipients, with one of the grants dedicated to realise creative projects for/and/or with deaf and disabled artists (where possible/applicable). We also welcome applications that engage with these communities in a meaningful and significant way.
