We recognise the contribution of all Aboriginal and Torres Strait Islander people to our community in the past, present and into the future.

## Priority of Access / Allocation Criteria

Priority will be provided to residents/ratepayers of Frankston City. Non-residents may be allocated places after all other registrations have been offered a place.

For some Kindergartens, the number of on-time registrations received may be greater than the number of available places. In this situation, places are allocated as follows:

### Level 1

- Children identified as high priority (as detailed in “*The Kindergarten Funding Guide*” issued by the Department of Education and Training)\*
  - Children at risk of abuse or neglect, including children in Out-Of-Home Care
  - Aboriginal and/or Torres Strait Islander children
  - Asylum seeker and refugee children
  - Children with additional needs, defined as children who:
    - require additional assistance in order to fully participate in the Kindergarten program
    - require a combination of services which are individually planned
    - have an identified specific disability or developmental delay (supporting documentation required)
- Children approved for a 2nd year of funded 4YO Kindergarten
- Children/families with approved exceptional circumstances (please see below)

### Level 2

- Children eligible for the Kindergarten Fee Subsidy

### Level 3

- Children registered on time for a Kindergarten in their local area
- Children registered on time and eligible for the Sibling Priority. Sibling priority applies for residents/ratepayers of Frankston City if:
  - You are registering your child for 4YO Kindergarten and have had another child attend 4YO Kindergarten at the same service during the previous 2 year period (2021 or 2022)
  - You are registering your child for 3YO Kindergarten and have had another child attend 3YO Kindergarten at the same service during the previous 2 year period (2021 or 2022)

### Level 4

- Children registered on time and whose families are Frankston City residents/ratepayers

### Level 5

- Children registered late and whose families are Frankston City residents/ratepayers

### Level 6

- Non residents

## Priority of Access / Allocation Criteria (Cont'd)

If, after using the above order of allocation, there are still a greater number of registrations than places available at the specified Kindergarten, the remaining places will be allocated by a computerised ballot process.

### Exceptional circumstances

Kindergarten registrations submitted with exceptional circumstances noted will be assessed by Children's Services management.

Examples of exceptional circumstances may include:

- Parent with a disability
- Parent or child with a diagnosed mental health illness
- Homelessness
- Drug and/or alcohol misuse
- Court order that limit the choice of Kindergarten
- Multiple births
- Other situations verifiable by a child/family support service

Supporting documentation may be requested to support the application and should include parent and child names, contact details of the person supplying the document, which should be less than 12 months old.

There are many exceptional circumstances that may meet this criteria, and therefore not all examples can be listed.
