## TAC L2P: Help for Young Learner Drivers

The Graduated Licensing System makes it compulsory for Learner Drivers under 21 years of age to obtain 120 hours of supervised driving experience prior to taking the probationary licence test.

For most people, driving experience is gained through parents or other family members in family owned vehicles, with the support of professional driving lessons.

The Victorian Government recognises that a minority of young people will find it difficult to gain the driving experience required under the Graduated Licensing System.

## Learner drivers

To join the Frankston TAC L2P Program, you must:

- Be between 16 and 21 years of age
- Hold a current Victorian Learner Permit
- Not have access to either a vehicle, a supervising driver, or both
- Live in the City of Frankston
- Learner drivers can refer themselves or be referred by parents, schools, community agencies or other organisations

## The Frankston TAC L2P Program is looking for volunteers and sponsors!

The program is a FREE service helping those under 21 years of age, without access to a supervising driver or vehicle, to gain the 120 hours of driving experience required to apply for a Victorian Probationary licence. Young people are matched with fully licensed volunteer mentors, and use a Council vehicle to gain supervised driving experience.

TAC L2P includes a number of professional driving lessons. TAC L2P does not pay for the probationary driving test itself.
