About Us

Frankston North Community Centre (FNCC) is a fun, vibrant and responsive Council-run facility that encourages people to improve their health and wellbeing through social connection, skill development and advocacy.

We work with you - our local community and service partners - to develop and deliver inclusive activities. We do this by building upon, and strengthening, people's interests, skills and talents...and having lots of conversations.

We also provide a range of hireable spaces, access to Council's Library Service and are a source of information about what's going on in the local area.

This booklet lists our regular activities and courses but we also often hold one-off events that might be of interest. The best way to keep up to date with what's on is to:

- Drop in or call to talk to our friendly staff and volunteers
- Register to receive our updates by sending us an email, calling us or scanning the QR Code below.
- Keep an eye on our facebook and/or instagram pages
