

There is a strong and on-going relationship between the site, traditional owners (the Bunurong people) and more recent custodians. Telling and acknowledging the many layers of stories will preserve these for future generations.

Design Outcomes:

- Work with the Bunurong Land Council Aboriginal Corporation to create an indigenous artwork trail in conjunction with interpretive signage to celebrate Indigenous culture and history.
- Provide interpretive signage to celebrate Allan and Yvonne Sisson's extraordinary work with the Kananook Creek Association.

Acknowledge Traditional Owners, the Bunurong people
