ITEMS BROUGHT FORWARD

12.11 Beckwith Grove Pedestrian Bridge Update
(GK Community Development)

Recommendation (Director Community Development)

That Council:

1. Notes that historically Beckwith Grove Bridge provided access from a caravan park (now Kananook Creek Reserve) to the beach. Safe pedestrian access to the beach must now be via the pedestrian crossing on the Nepean Highway at the Station Street intersection. Accordingly, a safe well-lit access to Beckwith Grove from the station also exists via Station Street and the Nepean Highway.

2. Notes receipt of legal advice which outlines Council’s legal obligations and the completion of an Access Audit and recommendations, which enables Council to resolve to either:
   a) build the bridge and access pathways with accessibility for people with disabilities,
   b) build the bridge without accessibility for people with disabilities.

3. Subsequently determines which of the two options above forms the scope of project to reconstruct the Beckwith Grove Bridge. Further exploration of alternative materials can be undertaken once this decision is made.

4. Supports inclusion of the recommended, additional safety measures in the project scope including, lighting, CCTV and lockable gates as per the Crime Prevention Through Environmental Design audit recommendations at Attachment B.

Council Decision

Moved: Councillor Bolam Seconded: Councillor Aitken

That the matter be deferred pending the full exploration of cost-effective alternative materials costs. Once these costs have been ascertained, the report returns to Council for consideration. The report is to return at the second September Ordinary Meeting with a view to making a formal decision on this matter.

14.1 NOM 1352 - Improved community consultation relating to Annual Budgets  
(KJ Corporate Development)

Councillor Recommendation
That for all future budget processes, the following two initiatives mandatorily take place prior to Council approving its annual budgets:

1. **Budget Information session** - for residents and ratepayers who are interested in understanding how budgets work. The information session is designed to explain the more esoteric aspects of a budget so the public have a better grasp (i.e. financial statements, jargon etc.); and

2. **Budget Q & A session** – for residents and ratepayers who have specific questions about a proposed budget. This process is an extension of the public exhibition stage of the budgetary process and will allow interested members of the public to openly pose questions/queries about the benefits and implications of a given budget.
